Professional Profile

A passionate and self-motivated aspiring software engineer with a solid foundation in Information Technology. Currently pursuing a Bachelor of Science in IT at KCA University and actively developing skills in web design, software development, and digital graphics. Possesses excellent communication, collaboration, and leadership skills. Enthusiastic about creating user-friendly, accessible, and efficient digital solutions.

Career Objective

To secure an opportunity in a dynamic and innovative tech environment where I can apply my skills in software development, grow through hands-on experience, and contribute to impactful digital projects.

Key Skills

- Strong communication and interpersonal skills
- Teamwork and collaboration
- Leadership and decision-making
- Proficient in Microsoft Word, Excel, PowerPoint
- Basic programming (HTML, CSS, Python, Java)
- UI/UX awareness and web design fundamentals

- Graphic design using Canva and Adobe Photoshop
